Voice Command Tips

- To have a list of available commands at any time, press and release the Talk button, then say “Voice help.”
- To bypass the system prompts, simply press the Talk button again to say your command.
- When the Talk button is pressed, all available voice commands are highlighted in yellow.
- Speak in a clear, natural voice.
- Reduce all background noise.
- Adjust the dashboard and side vents away from the microphone in the ceiling.
- Close the windows and moonroof.

*Voice commands are available for navigation (if equipped), hands-free calling, audio and climate control on vehicles equipped with navigation.

Press and release the Talk button before you say a command.

Voice Recognition

To keep your eyes on the road and hands on the wheel, use voice commands to operate certain vehicle features.*

To reduce the potential for driver distraction, some manual functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.
