NAVIGATION*

Learn how to enter a destination and operate the navigation system.

Basic Navigation Operation

A real-time navigation system uses GPS and a map database to show your current location and help guide you to a desired destination. You can operate the system using voice commands or the system controls.

To reduce the potential for driver distraction, certain manual functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.

■ Steering Wheel Controls
  Use the steering wheel controls to give voice commands.

  Talk button: Press to give navigation commands.
  Back button: Press to cancel a command or operation.

■ Talk Button Tips
  For a full list of navigation voice commands, see page 147.
  • When using the Talk button, wait for a beep before saying a command.
  • To bypass the system prompts, simply press the Talk button again to say your command.
  • When the Talk button is pressed, all available voice commands are highlighted in yellow.
  • Speak in a clear, natural voice.
  • Reduce all background noise.
  • Adjust the dashboard and side vents away from the microphone in the ceiling.
  • Close the windows and moonroof.

⚠️ Using the navigation system while driving can take your attention away from the road, causing a crash in which you could be seriously injured or killed. Only operate system controls when the conditions permit you to safely do so.

*if equipped
Navigation Display and Controls

Use the controls to enter information and make selections. Some manual functions are inoperable while driving.

**NAV button:** Display the map screen or directions when en route.

**INFO button:** Select items such as traffic incidents and AcuraLink messages.

**BACK button:** Return to the previous display.

**MENU button:** Enter destination information.

**SETTINGS button:** Change Navi settings.

**button:** Change upper screen brightness. Use the interface dial to make adjustments.

**Interface dial (from the map screen):** Rotate to zoom in or out of the map. Press to display the map menu. Rotate and press to select items.

*subscription feature*
**Interface Dial Feedback**

Configure the system to read aloud selections made using the interface dial. Use the interface dial to make and enter selections.

1. Press SETTINGS.
2. Select System Settings.
4. Select Off, Auto, or On.
   - **On**: Always reads the selection.
   - **Auto**: Reads the selection only when the vehicle is moving.
   - **Off**: Turns interface dial feedback off.

**System Guidance Volume**

Adjust the navigation system guidance volume. Use the interface dial to make and enter selections. You can also adjust the volume during guidance using the volume knob or steering wheel controls.

1. From the map screen, press the interface dial to display the map menu.
2. Select Guidance Volume.
3. Adjust the volume to your preferred level.
4. Press BACK to exit the menu.

**Voice Prompt**

Turn the voice prompt feature on or off. Use the interface dial to make and enter selections.

1. Press SETTINGS.
2. Select System Settings.
4. Select Off or On.
   - **On**: Provides voice prompts.
   - **Off**: Voice prompts are disabled.
**Entering a Destination**

Use several methods to enter a destination.

- **Home Address**
  
  Store your home address in the system so you can easily route to it. Use the interface dial to make and enter selections.

  1. Press SETTINGS.
  2. Select Navi Settings.
  3. Select Edit Go Home.
  4. Enter the address and select OK.

  When your home address is stored, you can press the Talk button and say “Go home” at any time. You can also select Go Home from the destination menu.

- **Street Address**

  Enter a street address using voice commands. Press the Talk button before saying each command.

  You can also enter the address manually when the vehicle is stopped. While on the map screen, press MENU and use the interface dial to select Address. Follow the prompts.

  **U.S. models**

  1. From the Voice Portal screen, say “Address.”
  2. The system prompts you to say the entire address. For example, say “1-2-3-4 Main Street, Los Angeles, California.”

  3. The system interprets the address by state, city, street, and address number. If necessary, you may have to clarify similar matches.

  4. Say “Set as destination” to set the route.

  **Canadian models**

  From the map screen, say “Display Menu,” followed by “Address.” Follow the prompts.
**Place Name**

Enter a place name stored in the navigation database using voice commands. Press the Talk button before saying each command.

1. From the Voice Portal, say “Place name.”
2. Say a category. For example, “ATM/Bank.”
3. Say the name of the point of interest. For example, “ABC Bank.”
4. The system interprets the name. If necessary, you may have to clarify similar matches.

   If there is more than one point of interest with the name, a list of matches appears in order of closest distance. Say the number next to the place you want.
5. Say “Set as destination” to set the route.

If the system does not recognize the specific name, you can enter it manually when the vehicle is stopped. While on the map screen, press MENU and use the interface dial to select Place Name. Enter the name one letter at a time, and follow the prompts.

**Find Nearest Place**

Enter a destination by category and distance using voice commands. Press the Talk button before saying each command.

1. Say “Find nearest” and a place. For example, “Find nearest ATM.”
2. A list of the nearest places in your area is displayed by shortest distance to destination.
3. Say the number next to the destination you want to select.
4. Say “Set as destination” to set the route.

**ODMD Shortcuts**

You can add up to six destinations to the Shortcuts (Places tab) in the ODMD. The addresses must be previously stored in the navigation system address book.

1. Select Shortcuts.
2. Select Places.
3. Select No Entry to store a previously stored address book entry, or select a stored entry to route to it.
Routing
After a destination is set, you can alter or cancel your route.

Map Legend

**During route guidance**
- Estimated time to destination
- Distance to destination
- Next guidance point
- Calculated route
- Destination

**Turn-by-turn directions**
Shows a more detailed view of the next maneuver on the multi-information display. Use the Info (▲/▼) buttons on the steering wheel to bypass the display.

**Main St**
- Distance to next maneuver
- Upcoming maneuver
- Current route
Taking a Detour

You can calculate a detour route manually if you encounter a road closure or other obstacle. Use the interface dial to make and enter selections.

1. When en route, press MENU.
2. Select Detour. The system attempts to calculate a new route by avoiding the next 5 miles (8 km) while on a freeway or 1 mile (1 km) while on a surface street.

AcuraLink Real-Time Traffic™

View traffic flow, incidents, and construction in major metro areas if you have an active AcuraLink® subscription. You can also route around congestion or incidents using voice commands. Press the Talk button before saying each command.

1. When en route, say “Display traffic on my route.”
   A list of incidents on your route appears.
2. Say the number of the incident you want to avoid.
3. Say “Avoid” and the incident list returns.
4. Say “Reroute” to set the new route.

Canceling Your Route

You can cancel your route at any time. Press the Talk button and say “Cancel route.” You can also use the interface dial to make and enter selections.

1. When en route, press MENU.
2. Select Cancel Route. The route is cleared and the map screen returns.
