Climate Control System
The automatic climate control system can maintain your preferred interior temperature by selecting the proper mix of heated or cooled air and fan speed.

AUTO button: Press, then use the temperature control dial to set your preferred temperature.

ON/OFF button: Switches the climate control system on or off.

Fan speed buttons: Adjust the fan speed.

Windshield defroster button: Activates the windshield defroster.

Driver’s temperature control dial: Adjusts the temperature for the driver.

Passenger’s temperature control dial: Adjusts the temperature for the passenger.

SYNC button: Sets the passenger’s temperature to the same as the driver’s.

Recirculation button: Switches between recirculation and fresh air.

A/C button: Activates or deactivates the air conditioning.

Rear window defogger/heated mirror button: Activates the rear window defogger or heated mirrors.

Vent mode button: Changes the vent source.

On vehicles with ODMD, climate information is displayed on the screen, but cannot be selected via touch. Adjust the climate settings using the dials and buttons.
Seat Heaters or Ventilation*
Quickly warm or ventilate the seats when the vehicle is on.

[Front Seat Heaters]*
Press the switch for the desired setting. An indicator in the switch appears for the selected setting.

**LO button:** Press to slowly warm the seat, or to maintain continuous heating.

**HI button:** Press to quickly warm the seat. If left in HI, the heater cycles on and off.

Return the switch to the center to turn the seat heaters off.

[Front Seat Heaters and Ventilation]*
Press the seat heater or ventilation button. An indicator (red for heater, blue for ventilation) appears for the selected setting.

**Once:** HI setting (three indicators)
**Twice:** MID setting (two indicators)
**Three times:** LO setting (one indicator)
**Four times:** OFF setting (no indicators)

[Rear Seat Heaters]*
You can heat the two outer rear seats. An indicator in the button appears for the selected setting.

**LO button:** Press to slowly warm the seat, or to maintain continuous heating.

**HI button:** Press to quickly warm the seat. If left in HI, the heater cycles on and off.

Press the button again to turn off.

---

**WARNING**
Heat-induced burns are possible when using seat heaters. Persons with a diminished ability to sense temperature (e.g., persons with diabetes, lower-limb nerve damage, or paralysis) or with sensitive skin should not use the seat heaters.

*if equipped*
